(link to [study](#))

22 New Zealand: The BSA has published two studies on this site that examine 'new media' issues. The first, [Children's Media Use and Responses](#), looks at recent New Zealand and international studies of children's media use and responses, and the second, [Media Literacy Information in New Zealand](#), is a comparative review of media literacy activity here and overseas. [Read press release](#).

21 High School Musical 2 (The Disney Channel) garners the highest rating ever (17.2 million) for a basic cable TV program
