

FREE CLASSROOM SETS “We Survived The Holocaust”

With the royalties made from sales and my speaking fees, we are dedicating to purchasing more classroom sets of books. To that end, qualifying teachers, who respond to these questions, will receive a set:

1. When and how do you plan to use the “graphic novel”?
2. Do you plan to use the companion teacher guide?
3. Would you consider inviting the author or one of the Goldbergs (or both) into your classroom?
(in person or ZOOM)
4. Would you allow us (with permission) to put a camera in the classroom in order to document your use of the book with students?
5. Would your principal consider a school wide speaker
