Social Studies

Government Standards Grades 9-12 -analyze campaigns for national, state, and local elective office, including the nominating process; campaign funding and spending; the influence of media coverage, campaign advertising, and public opinion polls; demographic causes and political effects of reapportionment and redistricting; voter turnout and the constituencies of the major political parties; and the Electoral College. -explain and give current examples of how political parties, interest groups, the media, and individuals influence the policy agenda and decision-making of government institutions.

Health

Standard Two
Students will access
and evaluate health
information,
products and
services.
the student
independently
recognizes and
evaluates the
influence of media
regarding personal
health issues and
decisions.
